## Ray & Al's Music Page

### What are Ray & Al up to?

**We try to tell you what the Warminster area has to offer music-wise on this page. Often we forget to blow our own trumpets!**

Here are a few bits of our news:  
Al's book *So You Want to be a Full-time Guitar Tutor* is now available as a new Kindle book. Never designed to be a best seller, it has had great reviews and feedback and has sold worldwide over the last few years.

The AlnRay web site now has downloads, including our latest book for beginning and improving guitarists, available to buy as five handy and inexpensive sections: four 'terms' of music and a supplementary section of further tunes.

Forthcoming books include an

introductory book for tenor guitar, a delightful 4-string instrument quickly gaining popularity. With lute tuition on offer in Warminster, banjo, Dobro and mandolin in Westbury, it's perhaps no surprise that a guitar/bouzouki was revealed to an unsuspecting public on WCR recently!

Our current acoustic guitar course is fully booked once more, as is our seminar for music leaders. May 18-20 we're at Dillington House for a residential Creative Music weekend, with further courses (slide guitar, roots band and acoustic guitar) in the pipeline for 2012 and 2013.

Oh, and Warminster Philharmonic Orchestra are to perform Al's new take on his 3<sup>rd</sup> Symphony on 7<sup>th</sup> July.
